Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-3, 16-20, 26 and 28 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Grenga et al.

Regarding claims 1-3 and 16-18, see connecting portion 14, 34, 38, plate 45, louver 24, and clip 68. See also stabilizing structure 52, stop, shoulder at the base of 52, and mounting aperture 48.

Regarding claims 19, 20, 26 and 28, see plate 68, stabilizing structure, holes in 68 and the surface of 68, clip 45, and segments, opposite lateral walls of the recess.

Allowable Subject Matter

Claims 4-15, 21-25 and 27 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
